

節距式搬送自動供料系統 Pitch Type Moving Automatic Feeding System

節距式搬送自動供料系統

Pitch Type Moving Automatic Feeding System

- 輸送方式：以單一節距步進方式搬送，維持各單機的獨立性，使產線擁有較高的擴充與修改方便性。
- 適用產線：適用各式馬達轉子自動化生產製程連結。
- **Conveying type:** by single pitch stepping type moving, keeps independence for each machine unit, provides production line with more higher convenience of extending and modifying.
- **Applicable production line:** suitable for linking automatic production manufacture process of various motor armatures.
